

Amendments to the Drawings

A proposed replacement drawing is submitted herewith for Fig. 4, where a check mark ("X") has been removed from "Ship product ..." in the box at reference number 410 (leaving a check mark to select the "Design ..." choice). See Page 28, lines 18 - 19 of Applicants' specification, where this reference number is discussed, referring therein to a single selection of the "Design ..." choice. No new matter is introduced with this proposed correction, which is supported in the specification as originally filed.
